ABOUT ME

Motivated and detail-oriented Information Technology graduate with a solid foundation in software development and problem-solving. Eager to begin a career as a Software Engineer, applying my technical skills while continuously learning and contributing to the development of reliable software solutions.

EXPERIENCE

IT Support Intern / Software Developer

February 2026 – April 2026

TGS BPO Incorporated

- Contributed to the development and maintenance of the company Payroll System.
- Implemented new features, resolved bugs, and participated in testing.
- Provided technical support and troubleshooting.
- Installed and configured software and office equipment.

EDUCATION

Bachelor of Science in Information Technology, Cum Laude

2022 – 2026

Cebu Technological University - Tuburan Campus

PROJECTS

AquaCare: Smart Arduino Fish Feeder with Real-Time Water Quality Monitoring and Water Change System (Capstone Project)

Developed an IoT-based aquarium management system with a Flutter mobile app for remote monitoring and control, integrated with ESP32 and Firebase to automate fish feeding, water quality monitoring, and water changes.

Technologies: Flutter, Dart, Firebase, ESP32, Arduino IDE.

AgriFeed Solar – Smart Feeding System for Sustainable Piggery Production (Client Project)

Developed a Flutter application for monitoring and controlling a smart feeding system, integrated with ESP32 and Firebase to support real-time synchronization, scheduled feeding, and notification features.

Technologies: Flutter, Dart, Firebase, ESP32, Arduino IDE.

Inventory Management System

Designed and developed a full-stack inventory management system with secure user authentication, role-based access control, real-time inventory tracking, stock management, analytics dashboards, and PDF report generation.

Technologies: React (Vite), Node.js, Express.js, PostgreSQL, Tailwind CSS, JWT.

TECHNICAL SKILLS

Java, JavaScript, C++, Dart, React.js, Flutter, Express.js, Node.js, PHP, HTML, CSS, REST APIs, PostgreSQL, MySQL, Firebase, Object-Oriented Programming, CRUD Application Development.

AWARDS & ACHIEVEMENTS

Champion – TGS Hackathon | 2025
3rd Place – Java Programming Challenge | 2024
